

There is not a Declaration or Supplement Declaration specifically bringing **Atascocita Shores, Section 5** into the HOA. The Section Three Supplemental Declaration makes the Section One and Two Declaration applicable to Section Five. This is because Section Five was created out of portions of Reserves A and F in Section Three. At the time Section Five was created out of the Section Three reserves, these reserves were already subject to the restrictions and part of the HOA, so there was not need for an additional Supplemental Declaration for Section Five.
